AFFORDABLE, RELIABLE AND DURABLE

1. Affordable solutions that work
2. The best warranty's in the industry - dispensers that are designed to work
3. A brand that honors it's statement and does what it says it does
4. Low cost in use on consumables, designed for optimal usage
5. The best skin care formulations - making sure hands stay healthy and moisturised
6. Products are certified, look for the logos

TRUSTED BRANDS

If you see a Rubbermaid or Ticura stamp on a dispenser / consumable you can be rest assured we have tried it, we have tested it and it has proven itself worthy.

By partnering with brand leaders such as Rubbermaid Commercial Products, as well as by establishing our own quality control brand, Ticura, we have a successful mix of washroom hygiene and cleaning solutions that we trust and put our stamp of approval on, and anyone who knows us, knows if we trust it, so can you.

CARING ABOUT THE ENVIRONMENT:

The environmental impact of our products are very important. There are a couple of our products that support the environment such as the Foam Soap Dispensers, Hand Sanitiser Dispensers, the Energy Saving Hand Dryer, Pulse Mop, and in our consumable range the Lotion Hand Soaps, Eco Rim Block, Cistern Block and Bio Purinel to name but a few...

WHAT DOES THIS MEAN

- a. Our dispensers are made to buy once, making them sustainable
- b. Our lotion soaps are EU Ecolabel approved with our 500ml options having the additional green seal approval
- c. Our hand dryer is energy saving while still being effective
- d. Our Urinal solutions are bio friendly, using enzymes and bacteria to clean, instead of chemicals
- e. Our pulse mop, is a water saving solution using only 750ml water at a time, instead of using a bucket of water

WE ARE CONTINUOUSLY IMPROVING ON OUR OFFERING OF PRODUCTS THAT TAKE THE ENVIRONMENT INTO CONSIDERATION, SO WATCH THIS SPACE.

MANUAL DISPENSER

Nick named “Old Faithful”, this soap dispenser has proven itself time and again to be reliable and durable, while offering a luxurious hand washing experience.

- Dispenses either 800ml Lotion Foam Soap or 800ml Antibacterial Foam Soap
- The soap is a bag in box system
- Each refill comes with its own pump, ensuring that the pump never clogs or breaks
- Contains Antimicrobial protection in the push lever (White, Satin & Matt Black dispenser only) - preventing transfer of germs from hands onto dispenser
- Comes with a lifetime warranty on all working parts
- Low cost in use on the soap as optimised dosing reduces usage by up to 60%
- 0.4ml Dose size per shot of soap allows the refill to give 2000 shots of hand soap
- The ideal solution for high traffic washrooms

INSTALLATION:
Wall mount next to the wash basin

- Lotion soap is eco-friendly (EU Ecolabel Approved)
- Antibacterial soap is SABS approved
- Also available as an alcohol free hand sanitiser dispenser

AVAILABLE IN PRECIOUS METALS

- Lockable space at the back for the 5L
- Smooth pedal operation
- Flat top – can be used to place wipes or signage
- Available in white and black

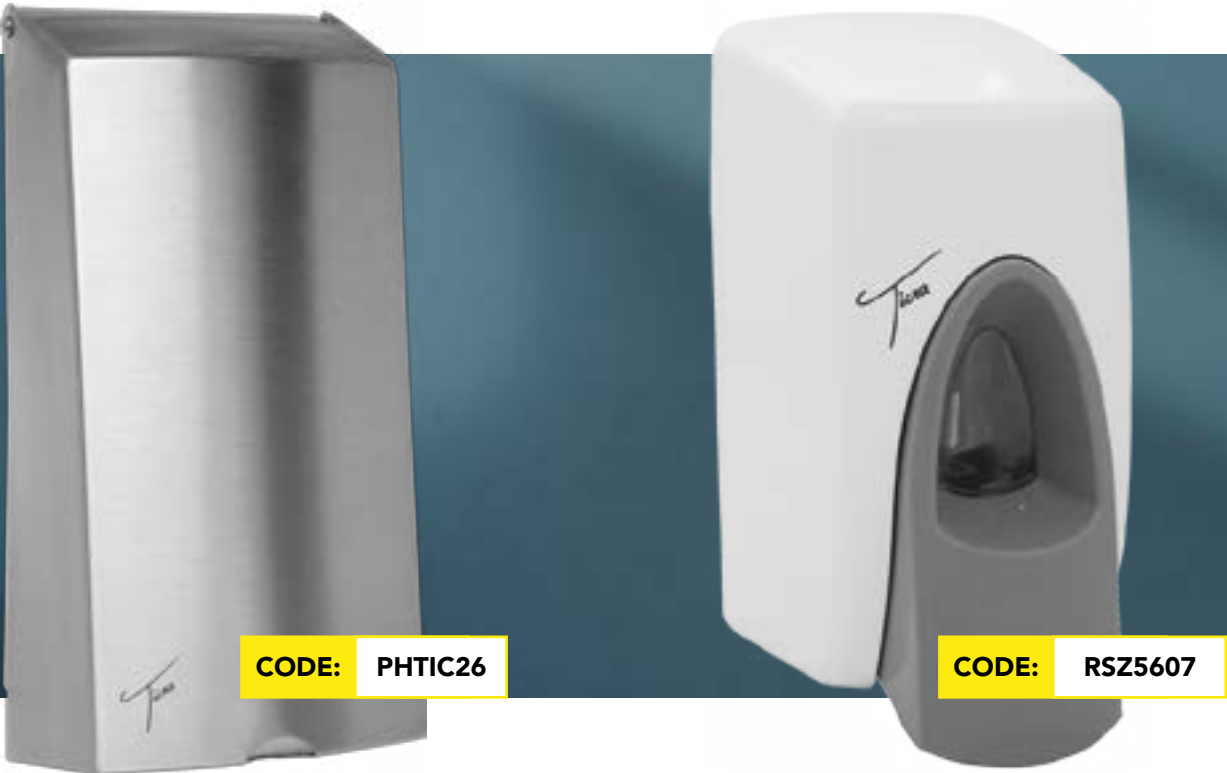

5 REASONS TO HAVE A HAND SANITISER DISPENSER STAND

1. With a hand sanitiser dispenser stand, especially one located in communal places close to work spaces, we can get rid of 99.9 percent of all germs that might be hanging out on our hands.
2. Because there's less cross-contamination, there's a decrease in company downtime and sickness. A hand sanitiser dispenser stand promotes the health of the entire company.
3. A hand sanitiser dispenser stand is a great way to teach wellness practices. If people walk past a hand sanitiser dispenser stand during the flu and cold season, they're more likely to stop and disinfect their hands.
4. A hand sanitiser dispenser stand is an ideal solution for any public location that serves food like, food trucks, supermarkets, farmer's markets, and festivals where harmful bacteria and germs can swarm like mosquitoes.
5. The CDC approves hand sanitiser. The CDC reminds people that "keeping hands clean is one of the most important steps that we can take to avoid getting sick and spreading germs." A hand sanitiser dispenser stand can disinfect and clean hands in a matter of seconds.

SS

TOILET SEAT SANITISER DISPENSERS

SS

400ML MANUAL SPRAY DISPENSER

MANUAL DISPENSER

Dual Purpose Hand or Seat Sanitiser Dispenser with antimicrobial protection and patented pump system.

- A 400ml Sanitiser Dispenser – for the dispensing of seat sanitiser or hand sanitiser
- Uses a sachet system – see refill on the right
- Offices and washrooms can benefit from having this dispenser up to help prevent the spread of germs
- The patented pump system allows the refill to be transferred between areas with low and high traffic. Allows for re-sealing the refill
- Dose size 0.2ml per shot giving 2000 shots of seat or hand sanitiser per 400ml refill
- Contains Antimicrobial protection in the push lever (White, Satin & Matt Black dispenser only) - preventing transfer of germs from hands onto dispenser
- Spray Seat Cleaner allows the user to clean the toilet seat before using it. Giving users peace of mind when using the washrooms

INSTALLATION:
Wall mount next to toilet roll holder

TICRA MANUAL DISPENSER

Touch-Free manually operated paper towel dispenser. Used to dispense hand paper, for the drying of hands after washing. Allows the user to be safe from germs after washing hands, without the hassle of replacing batteries.

- Tested and proven cutting mechanism
- Hands free dispenser with a modern clean look
- Operation is smooth and quiet
- Has a low pull force on the paper
- Easy loading procedure
- Compact design – fits everywhere
- This is a manual dispenser, but you don't touch the dispenser, only the paper
- Prevents cross contamination just as well as a sensor operated dispenser

INSTALLATION:

Wall mount in bathroom next to the wash basin, above the wall bin

- Recommended paper to use is 35 – 42gsm (up to 20.32cm wide and 15.24cm in diameter)
- Gets our Ticra stamp of approval
- S/Steel Dispenser: Made from Stainless Steel Grade 441

AVAILABLE IN PRECIOUS METALS

TICRA AUTOMATIC DISPENSER

100% Touch-Free Battery Operated Paper Towel Dispenser, used to dispense hand paper, for the drying of hands after washing. Prevents cross contamination.

- The dispenser is activated by an infrared sensor for a fully automated touch-free experience
- Neat little dispenser, that will fit into most washrooms, no matter the size
- Dispenser is lockable to prevent theft of paper
- Best feature is the time delay on getting a new sheet of paper, this prevents overuse of paper, saving you money
- Accommodates most non-perforated roll towels – up to 20.32cm wide and 15.24cm in diameter
- Dispensing Paper length is 27cm
- Operates with 4 x Standard Alkaline Torch Batteries (D-cell) (we recommend Duracell)
- Gets our Ticra stamp of approval

INSTALLATION:

Wall mount in bathroom next to the wash basin, above the wall bin

- Smooth and easy towel delivery system ensures reliable dispensing of paper
- Tried and tested – proven to work
- S/Steel Dispenser: Made from Stainless Steel Grade 441

TICRA ENERGY SAVING HAND DRYER

Industry Leading Hand Dryer.

- Quick drying: 10 -15 seconds drying time
- Energy saving: Uses 80% less energy than conventional hand dryers
- Hygienic: HEPA Filtration System proven to remove 99.97% of potential bacteria
- Durable: 304 stainless steel one-piece moulded cover
- Safe: 45 second cut-off, overtime and over heat protection
- Intelligent: Smart Sensor Dryer regulates temperature
 - If the room temperature is higher than 25°C, the dryer blows room temperature air at 550W
 - If the room temperature is below 25°C the dryer blows hot air at 1400W

CERTIFICATION

- SABS Tested
- NRCS Approved
- CE/UL approval on electric parts and overtime protection, quality and safe

AVAILABLE IN PRECIOUS METALS

AUTOMATIC DISPENSER

An Automated urinal and toilet cleaner, with enzyme technology – helps to maintain an odour free environment in washrooms.

- Automatic dispenser that can be used to either clean urinal piping or keep toilet water disinfected.
- Product is delivered every 15 minutes on a 30 day cycle – dispenser is programmable
- This results in the Elimination of bad odors at the source, helps to maintain an odor free environment in the washroom
- Dispenser with refill will effectively maintain pipes, traps and drains (and is necessary for every building that has urinals, to prevent clogging and bad smells)
- Batteries last up to 2 years (always use Alkaline only, we recommend Duracell)

INSTALLATION:

Wall mount next to toilet or urinal
(Visit website for installation kits)

- Comes with a lifetime warranty on workmanship
- Digital dispenser – Screen shows battery life, days to refill and more

AVAILABLE IN PRECIOUS METALS
Lead times applicable, dispensers made to order.

CONSUMABLES

BIO PURINEL REFILL

- Bio Enzyme Urinal Cleaner – prevents uric scale build-up in urinals
- Works through the auto cleaner dispenser
- This helps to maintain pipes, traps and drains of urinals
- Helps reduce bad smells in men’s washrooms
- Eliminates bad odors at the source (in the urinal pipes)
- Refills are environmentally friendly and bio degradable

PURINEL MANDARIN REFILL

- Mandarin Fragranced toilet disinfectant
- A toilet water disinfectant, that dispenses into the water once every 15 minutes
- Contains a surfactant to ensure that the bowl of the toilet always remains free from residue
- Prevents scale and stains on surfaces of toilets and reduces hard water build-up

Visit our website for a complete list of consumables & descriptions

URINAL AUTO FLUSH

Automatic urinal flusher. Keeps urinals flushed and gent's washrooms hygienic and clean.

- Keep urinals flushed all day long – Does NOT pre-flush
- The auto flush is activated by an infrared sensor, when a user is in front of the urinal, it registers to flush
- This system ensures that urinals and toilets are always flushed and presentable
- Helps prevent scale build up that causes odours and pipe damage
- Auto Flush Top Mount easily automates Cobra Flush master flush valve in minutes
- The Auto Flush promotes good hygiene by eliminating potential points of cross-contamination, while preventing odours by ensuring that fixtures are flushed after every use
- Battery operated, batteries last 3 years or 100 000 flushes (Always use alkaline batteries)
- 1 Year guarantee on dispenser

INSTALLATION:

Install onto urinal

TICRA URICA URINAL SCREEN

The two in one Urinal Matt that smells great and combats uric scale for up to 2000 flushes.

- 1 Per urinal
- Reduces splash-back
- 4 Pleasant fragrances available
- Replace every 30 days
- Biological action will reduce the uric scale build-up in the U-Trap, keeping urinal flushable
- Controlled release of fragrance lasts for at least 2,000 flushes (30 days)
- Eliminates malodours in urinals
- Environmentally positive product making use of nature's cleaners (soil bacteria) put to work to rectify man-made problems

- Contains especially selected fermentation extract to get the degradation process started
- Contains NO PCBs (polychlorinated biphenyls)
- Safe for users – simple to use – environmentally positive

INSTALLATION:

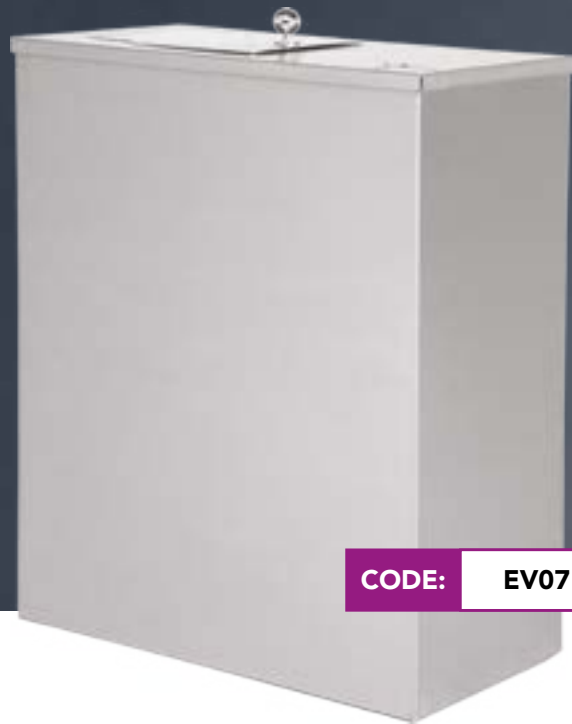

Place one matt inside urinal bowl and allow it to work its magic

20L SLIMLINE SANITARY BIN (S/STEEL)

20L Stainless Steel Sanitary Bin is small enough to fit into any cubicle, big enough to take the waste.

- 20L Capacity
- Wall Mountable, slimline design
- Easy to service – has a steel frame inside which makes it easy to service or replace the bin liners
- The Slimline design reduces the height and allows the bin to fit comfortably into any cubicle for easy access without restricting space
- Smooth, ridge-free design is easy to wipe down
- Top opening lid and the Flute chute prevents the user from seeing the contents of the bin
- Stainless Steel Grade 441 construction

12L SANITARY BIN (MINI PED)

12L Sanitary Bin is designed by Woman for Woman. Pedal operated.

- Slimline sanitary bin that fits in easily next to any toilet
- Pedal operation, limits direct contact with the bin
- Polypropylene plastic, making this a very durable bin that can be bent and squeezed but won't break
- Smooth, ridge-free design is easy to wipe down
- Top opening
- The bin is discreet. A Flute chute and a front opening lid, prevents the user from seeing the contents of the bin
- Because the opening is smaller, washroom users cannot put large objects into the bin, preventing it from getting full quickly
- The bin is tamper proof, so it prevents people from opening it

AVAILABLE IN PRECIOUS METALS

DISPENSER

Keep those discretion bags neat and tidy by putting them into our stylish hygiene bag dispenser.

- The Hygiene bag dispenser is used for the discreet disposal of sanitary waste
- The dispenser is installed next to the sanitary bin or toilet roll holder, so that the sanitary waste can be put into the bag before its put into the sanitary bin
- This makes it safer and more comfortable for the person who services the sanitary bin, as the actual waste is not visible
- Helps control odours
- S/Steel dispenser made from 441 grade stainless steel

AVAILABLE IN PRECIOUS METALS
Lead times applicable, dispensers made to order.

BABY CHANGING STATION

Horizontal Baby Changing Station.
Safe and Compliant to all
global standards.

- Easy one handed operation
- Large deep bed with adjustable safety belt
- Foldable design provides space optimisation
- Easy to reach aluminium hooks on both sides for easy access to diaper bag while keeping child secure
- Built in shelf for baby powder and other small items
- Antimicrobial protection inhibits growth of bacteria, that causes odours and stains, on the station
- Safe and Ergonomic design meets all applicable standards ASTM or EN12221 – 1
- The Horizontal Station opens horizontally to the wall and will require about 56 cm from the wall as space to open (this is when opening from the wall towards you), works in smaller cubicles, it also our most popular unit

INSTALLATION:
Wall mount in public washrooms

Name	Code	Material	Unit Dim (cm)	Pack Size	Shipper Dim (cm)	Ship Weight (kg)
Horizontal	FG781888LPLAT	Polypropylene	Open: 86.2 x 55.7 x 48.3	1	89 x 63 x 11	10.6 kg

50L STEP ON BIN

High capacity bins for disposing of
used nappies.

- Slim profile and small footprint maximize space to fit in tightest spaces
 - Quiet and controlled lid-closure minimizes noise to enhance guest and patient satisfaction
 - Internal hinge design prevents wall damage
 - Increased foot pedal clearance for easier access and operation
 - Liner retainer band easily and securely holds polyliners
- Smooth surfaces and contoured edges are easy to clean

STURDY CHAIR™ & TRAY

Keeping baby safe and protected while
mom and dad enjoy a meal. Add a tray as
an optional extra.

- Baby Seat with Microban® antimicrobial protection helps prevent growth of stain and odour causing bacteria
- Safe & Hygienic: Easy to clean
- Stackable design makes for easy storage
- Fits under standard table without tray
- 3 point harness with one handed release
- Convenient handle for safe, one-handed maneuvering throughout the dining room
- One-piece T-bar and safety helps to secure child
- Durable molded parts are easy to clean
- Baby seat meets safety specifications (ASTM F404-04 and TÜV Certification) intended to minimise injuries to children under normal use

HYGEN™ FLEXI DUST WAND H/P MICROFIBER COMPLETE

An amazingly flexible duster that can be used for DRY OR DAMP dusting.

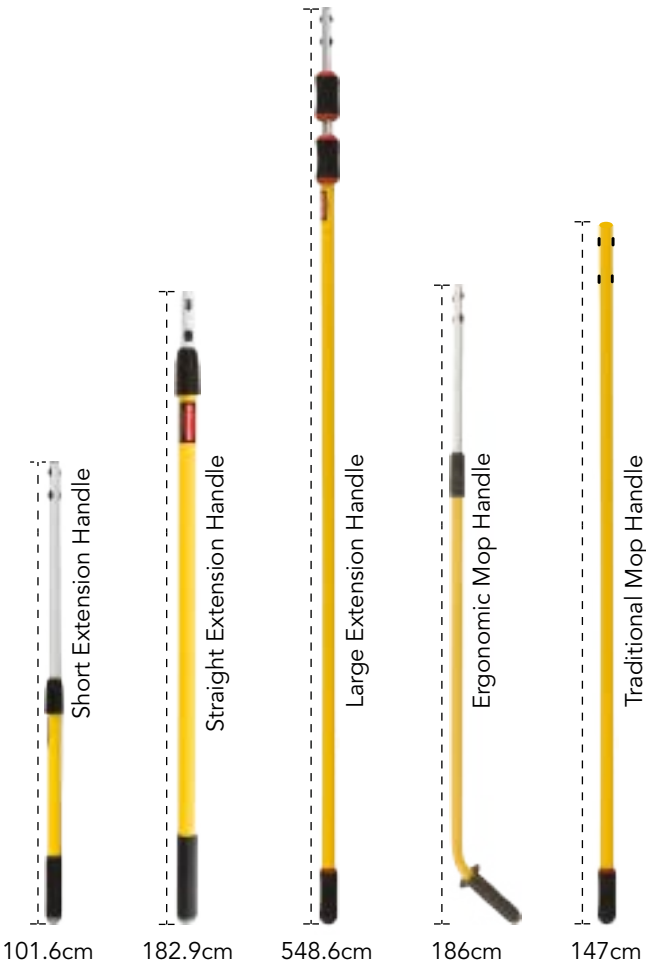

- Fluffy in appearance making it perfect for cleaning blinds, removing hair or more heavily soiled areas
- The wand is bendable to suit cleaning surface needs
- Velcro type assembly and elastic band keeps sleeve well fastened. Sleeve is removable for washing
- Quick Connect mechanism converts this hand-held duster to an extended cleaning tool. Use any extension pole to extended from just 1m to just under 6m
- Microfiber Sleeve, allows for better dirt retention

EXTENSION HANDLES

These poles can be used with any of the Rubbermaid quick connect heads from dusters to mops to dust mop sweepers, allowing the user to reach areas from 182.9 cm to 548.6cm.

- Lightweight non-magnetic aluminium construction – which is safe for MRI rooms
- Has a non-slip tip when the handle is placed against the wall the rubber tip prevents it from falling over
- Has a large comfortable grip – provides better stability for cleaning in high areas
- The design of the handle allows for comfortable use, this allows cleaners to clean for longer without strain
- Available in yellow only

- SHORT EXTENSION HANDLE**
- Extends from 50.8cm to 101.9cm (Code: FGQ74500)
- STRAIGHT EXTENSION HANDLE**
- Extends from 121.9cm to 182.9cm (Code: FGQ75500)
